

email to all accepted graduate students NOT registered for housing

SUBJECT: UGA housing: eligible to register

The University of Georgia is pleased to offer on-campus housing for graduate students in one- and two-bedroom apartments. Interested graduate students should register for housing as soon as possible, as apartment selection is based on the date of housing registration. Registering for housing does not commit you to the University of Georgia, it only puts you in line for selecting the graduate apartment of your choice.

Most graduate students live with or without roommates in one or two-bedroom apartments in the [University Village Community](#):

- [University Village](#)
- [Rogers Road](#)
- [Brandon Oaks](#)

Graduate students in the College of Public Health and students in the Augusta University/University of Georgia Medical Partnership may also choose to live in one of two areas near their classes on the Health Sciences Campus:

- [Kenny Road](#)
- [McGowan Road](#)

To explore options or to register for housing, start at https://housing.uga.edu/site/register_famgrad.

University Housing is open Monday-Friday 8 a.m.-5 p.m. to answer your questions. Feel free to email, call or visit our website using the contact information below.
