UNIVERSITY OF GEORGIA

SUBJECT: UGA housing assignment information

Hi Bulldogs,

You are receiving this email because you have not registered for housing, have missed your online appointment time to choose housing or are among the last students to register for housing for fall 2020.

Although we always hope to be able to offer all first-year students the opportunity to choose their own space on campus, we will be automatically assigning you to one of the remaining spaces in order to conclude the room assignment process as soon as possible.

We will email you with details about your assignment once it has been made, along with information and a deadline for executing your housing contract. Once you have executed the online contract for your space, you may request a room change in [The Dawg House](#) (if you choose to do so).

If you no longer require housing or plan to request an exemption to the first year live-on requirement, please let us know as soon as possible by emailing housing@uga.edu or calling 706-542-1421.

Thanks again for your patience with this process and please reach out with any questions. University Housing is open Monday-Friday 8 a.m.-5 p.m.
